ANNE BEILER SPEAKS AT PEACEMAKER FUNDRAISER

Are you overwhelmed with fear? Do you have feelings of despair? Are you finding yourself in situations where relationships with spouses and others are drifting apart? Just some of the topics of pain and hope in healing shared by Anne Beiler at the fundraiser held at Waterloo Gardens on Friday evening, 3/27. Beautiful plants and foliage soft lit by hanging globes with bright colors on the tables made for a cheerful and festive backdrop at the second annual event to raise funds for the center. This year's theme was to celebrate joy in healing and bring in scholarship money for those who seek help regardless of their ability to pay. Over 250 guests joined with the center staff and volunteers to savor delicious food, scrumptious desserts, and special music to enjoy and bring in their support to help those in need.

Credentialed therapists offer help and hope to those in the community with issues of depression, anxiety, marriages and other relationship issues. The mission of The Peacemaker Center is to help people make peace with God, themselves and others through biblically-based counseling and conflict resolution.

For more information on The Peacemaker Center, call 610-269-2661 or visit the website at www.thepeacemakercenter.org
